

Dajah Moe, a graduating senior of First Coast High is one of eleven 2017 Summer Internship Program award recipients! Dajah aspires to enter the Navy and eventually become a journalist. With this in mind, Dajah was placed at Client Focused Media under the leadership of Joe Snowberger and Eva Baker.

Mr. Snowberger had to say about Dajah's experience, "It was a wonderful pleasure to have hosted Ms. Dajah Moe as a Journalist Intern at the BUZZ MEDIA GROUP. During her short, but very active six-week tenure, Dajah completed or participated in the following: Qualified as a WordPress Blogger and published 13 articles on [www.lwantaBUZZ.com](http://www.lwantaBUZZ.com) and as a contributing writer to the BUZZ Magazine; interviewed 11 Jacksonville area business owners, non-profit leaders or community advocates; managed the BUZZ TV Lobby for 17 days and coordinated guest relations for approximately 47 guests, most of them business owners; Was the principal interviewer for the Teenpreneur Conference; completing over 40 profile interviews (<http://theteenpreneur.com>) and completed two, on-camera, BUZZ TV Business Profile Interviews, including profiling the AnnieRuth Foundation Intern Program.

Dajah presented herself professionally, is self-driven to perform well and influences her colleagues to the same standards. She represented the AnnieRuth Foundation with the highest excellence. Our summer slogan was: "Don't get mad, get Moe, Dajah Moe!"

When Dajah was asked her thoughts regarding her summer experience, she responded, "After assisting Eva at the three-day Teenpreneur conference, I began reporting at the Buzz Magazine where Joe and his team of professionals embraced me and taught me a lot. While there, I was introduced to a multitude of assignments. The environment around Buzz Media Group is very fast paced; although it was challenging, I was able to stay on task. On average, there were about four interviews a day. One of my assignments was to talk with the interviewees and warming them up before they went on set. My favorite part of the experience was the fact that I was able to interact with new people every day. People skills is definitely a requirement for those who are interested in journalism. On my last day at the Buzz, Joe gave me the surprise of a lifetime! To my surprise, he pre-arranged for me to conduct a live interview with a representative of the AnnieRuth Foundation which will be a permanent part of my portfolio. So thankful to the AnnieRuth Foundation for the opportunity to work in a professional setting and learn about what's involved with being a journalist."
